Probably the best all around bull we've ever had born on the ranch. Notice the tremendous size, bone and correctness to go along with his awesome true grulla color. Sired by 101" PCC Midas Touch who was one of the quickest bulls in the breed to hit 100". Midas Touch has the same sire as the 2x ultimate bull, PCC Cactus Jack! Got great maternal lines of cows too such as 95" PCC Golden Sand Dollar, 93" CR Venus In Red, 100"
